

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (Previously Presented) A casket comprising:  
  
a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;  
  
a lid closeable upon said edge of said shell; and  
  
a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid, said cover adapted to be removed from said shell edge for proper closing of said lid on said shell edge wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.
2. Canceled
3. (Original) The casket of claim 1 wherein said casket is fabricated of wood.

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

4. (Original) The casket of claim 1 wherein said casket is fabricated of metal.

5. (Previously Presented) A casket comprising:  
a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;  
a lid closeable upon said edge of said shell; and  
a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;  
wherein said casket is fabricated of metal;  
wherein said shell edge carries a rubber gasket for sealing between said shell and lid, and wherein said cover conceals said gasket, and wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.

6. (Original) The casket of claim 1 wherein said semi-rigid cover is fabricated from a plastic.

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

7. (Original) The casket of claim 6 wherein said plastic cover is molded.
8. (Original) The casket of claim 6 wherein said plastic cover is extruded.
9. (Original) The casket of claim 1 wherein said semi-rigid cover is fabricated from cardboard.
10. (Previously Presented) A casket comprising:
  - a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;
  - a lid closeable upon said edge of said shell; and
  - a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;
  - wherein said semi-rigid cover is fabricated from cardboard;
  - wherein said cardboard cover is covered with decorative fabric, and
  - wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

11. (Previously Presented) A casket comprising:

a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;

a lid closeable upon said edge of said shell; and

a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;

wherein said semi-rigid cover is fabricated from cardboard;

wherein said cardboard cover is painted, and wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.

12. (Previously Presented) A casket comprising:

a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;

a lid closeable upon said edge of said shell; and

a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;

wherein said semi-rigid cover is fabricated from cardboard;

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

wherein said cardboard cover is printed with decorative surface ornamentation, and wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.

13. (Original) The casket of claim 1 wherein said semi-rigid cover is fabricated from wood.

14. (Original) The casket of claim 1 wherein said semi-rigid cover is fabricated from metal.

15. (Original) The casket of claim 1 further including means for removably securing said cover to said shell.

16. (Previously Presented) A casket comprising a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;

a lid closeable upon said edge of said shell; and

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

a one-piece cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid, said cover adapted to be removed from said shell edge for proper closing of said lid on said shell edge, and wherein said cover is removably secured to said shell via a press-fit connection between said cover and said shell edge, said cover having sufficient resilience and being configured such that said cover snaps onto said shell edge.

17. (Original) The casket of claim 15 wherein said means comprises stud and aperture connections, one of said shell edge and lid carrying studs and the other of said shell edge and lid having aperture therein which accept said studs.

18. (Original) The casket of claim 15 wherein said means comprises double-sided tape.

19. (Original) The casket of claim 15 wherein said means comprises a hook and loop fastener.

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

20. (Previously Presented) A casket comprising:

a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;

a lid closeable upon said edge of said shell; and

a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;

wherein said cover includes an engraveable plate mounted thereon, and wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.

21. (Previously Presented) A casket comprising:

a shell having a pair of opposed side walls and a pair of opposed end walls, said walls defining an upper edge of said shell;

a lid closeable upon said edge of said shell; and

a cover removably securable to said shell and concealing said edge when said lid is open, said cover being at least semi-rigid;

Application Serial No. 10/686,373  
Amendment dated March 13, 2006  
Reply to Office Action of December 13, 2005

wherein said cover is engraved with an inscription memorializing the deceased wherein said cover is no wider than said upper edge whereby said cover conceals only said upper edge of said shell.
